

Hands-On...

Shakers

by Lisa Baydush

You'll Need:

1. Cardboard tubes with tops for each end
(these tubes were containers for glow-sticks)
2. Clip-art or students' artwork (4¼" x 8¼")
3. Beads (I used small plastic beads that I had on hand.)
4. Hot-glue gun and Elmer's glue

Put a handful of beads inside the tubes.

Use the hot-glue gun to seal the tops to the tubes.

Print clip-art; cut it out and glue to tube.

Make a watery glue mixture and paint it all over the pictures. Let dry.

PS... if you need a use for those glow-sticks see my Pajama Havdalah program!

We Are Marching With Our Instruments

by Susan Sacks

We are marching with our instruments
As we sing our marching song;
Everybody come and join with us,
Everybody march along!

Play your instruments
quite loudly,
Play them softly
if you please;
As we march around
so proudly,
Watch us step
and lift our knees!
