by Peter and Ellen Allard

V'ya-hi erev, v'ya-hi voker, evening, morning, every day!
V'ya-hi erev, v'ya-hi voker, God made the world in God's own way!

On the 1st day, night and day; on the 2nd day, sky above,
On the 3rd day, plants and trees; God made the (3x) world...

On the 4th day, sun, moon, stars; on the 5th day, fins and wings,
On the 6th day, beasts, humankind; God made the (3x) world...

On the 7th day, Sabbath rest—shhh! (3x); God made the (3x) world...

Every Apple Has a Star

by Laura Copel

Every apple has a star inside, every apple has a star.
Every apple has a star inside, a star it just can't hide.
Make a cut across the core, you'll find what you are looking for;
Look at all those seeds and find the star.

Every person has a star inside, every person has a star.
Every person has a star inside, a star they just can't hide.
Look into their eyes and see the special person they can be.
Look into their eyes and find that star.

Everybody has some love to share, everybody has some love.
Everybody has some love to share to show how much they care.
When you meet somebody new, be sure to say "How do you do?"
Say you'll be their friend and find that star.

Everybody has a spark inside, everybody has a spark.
Everybody has a spark inside, a spark they just can't hide.
Say it comes from God above, or maybe from a special love,
Look into your heart and find that star.
